## WHO IS ANAVISTA TRAVEL ?

Anavista Travel is owner operated by Nick Louw & a group of dedicated, professional guides. With more than 25 years experience in the tourism industry, Nick will be your lead guide and your single point of contact, always ensuring that your experience is tailored according to your needs.

*“My journey has taken many turns, just like the mighty African rivers. In a convergence of events I followed my heart and created a company that is a reflection of me... focussing the places that I love and with the values that I live by: integrity, passion, excellence and conservation.” - Nick Louw*

## WHAT DO WE DO ?

### DAY & MULTIDAY TOURS OVERLAND SAFARIS

We create & run tailored, luxury overland safaris, as well as one day or multi-day tours.

If you want to explore Cape Town and surrounds or whether you want a multi day tour or a special event that requires a hands on & personal approach, please contact me to discuss your requirement.

We do have suggested itineraries, however these are customisable as we believe your holiday should be tailored around you. Therefore, we are one of the few operators that has the experience and flexibility to create something unique, just for you.

## WHERE DO WE DO IT ?

We would like to think there are no borders, however there are specific countries we concentrate on:

South Africa  
Namibia,  
Botswana  
Zimbabwe  
Mozambique  
Zambia  
Malawi  
Tanzania.

Our base is Cape Town, South Africa, however your point of departure is not limited to Cape Town – wherever you might find yourself, could be your starting point.

## HOW DO WE DO IT?

### STYLISH COMFORTABLE

#### ACCOMMODATED:

Lodges / Hotels / B&B / Permanent Safari style tents. You can upgrade or downgrade the grading level to suit your style and budget.

#### CAMPING:

We provide you with a solid rip stop canvas tent with standing height and a base of 2.5m x 2.5m, regardless if you sharing or travelling alone.

All tents come standard with oversized stretchers, self inflatable mattresses, super comfy sleeping bags, fleece blankets and pillows, small side tables and tent light. When camping, a 2 night stay per overnight stop is suggested.

#### COMBINATION OF CAMPING AND ACCOMMODATED:

This option works well on longer overland journeys to break your African adventure experience with some creature comforts, especially after long days on the road.

#### PARTICIPATION:

When we camp, you have the option of helping with daily tasks or you can choose to just sit back and watch the view. Most of our travelers prefer to be part of the camping experience by setting up camp, pitching tents and assist with preparation of meals. It makes for memorable moments.

#### MEALS:

Depending on your travel style, it will either have restaurant meals included on the basis of B&B, half board or full board OR campfire meals (when we camp). Meals are always included in your package. All tours will allow you leisure time, providing you with the opportunity to dine at a restaurant of your choice. This will be discussed when we plan your trip.

## WE TRAVEL IN STYLE

In style... Anavista has recently custom built a luxury 4x4 Overland vehicle with seating capacity of 10 passengers. Depending on your group size, we will travel in this Overlander or for very small groups we will opt for a Land Cruiser. For large groups a combination of vehicles is possible.

OPEN CAB TO DRIVER

Kick back in the comfortable reclining seats of the Overlander which has an on board fridge to keep the drinks cold, or make use of the coffee station on those cold, frosty mornings.

The Overlander is 4x4 and can easily navigate any terrain. Comfortable, aeroplane style seating provides you with USB charging ports, overhead lighting, air-conditioning and moveable arm rests.

Music can be blue-toothed in the cabin and a convenient storage rack is overhead for safely storing your personal items.

9 SINGLE SEATS + 1 UP FRONT

## WHAT IS INCLUDED ?

### INCLUDED IN YOUR TRIP:

We run fully inclusive tours or safaris which means that all meals, entry fees, accommodation and activities are quoted (and settled) before departure. Your drinks will be for your account. This means there are no hidden expenses, however you can choose different options.

Should you wish to have some flexibility we will discuss this when we plan your tour. You will be made aware of any exclusions in your package, which gives you the freedom to explore any local restaurants and trendy bars or make time for that special bucket list item you've always wanted to do. We can arrange it for you, however you will have to make payment directly to the service provider and not through Anavista Travel.

### ACCOMMODATION:

All accommodation is included.

### MEALS:

A standard package will include at least 80% of your meals, which allows you freedom to explore alternative restaurants en route. Should you prefer 100% of the meals to be included (as is the case with camping safaris), this can be discussed in pre-planning. Generally breakfasts are included in your accommodation when we make use of permanent structures such as Hotels etc. Lunches & dinners could be at a restaurant, around a campfire or picnic style en route.

### ACTIVITIES:

A standard package will include all en route activities, site visits and park fees. During our planning you will be able to choose what activities you would like to include. When the route includes major cities or locations where several activities are on offer, such as Cape Town, Swakopmund or Victoria Falls, we suggest we keep the itinerary open for a day or two so that you can explore.

### GUIDES & DRIVERS:

Should you have a full accommodated trip (i.e. lodges/B&B's), you will be accompanied by a single driver/guide/cook that takes care of all arrangements. If we camp (even for one night) an assistant will be included.

Should you opt for a NON-participating camping trip, additional assistants will be required and will be quoted accordingly.

Certain areas such as the Kalahari, will require additional vehicles and/or trailers which will be discussed with you.

Gratuities are not included in your quote.
